Statement of Substance of Interview

Applicant expresses appreciation for the personal interview granted by the examiner on January 20, 2011. During the interview, Applicant (through counsel) and the examiner discussed the new claims submitted by Applicant on January 4, 2011. Applicant and the examiner discussed selected amendments to the new claims to avoid rejections under 35 U.S.C. 101 and to clarify the operable independence of the computer readable medium and the substantive distinctiveness of the data stored thereon from the products. It is Applicant's understanding from the interview that the amendments discussed appear to avoid the prior art of record, but would require additional searching and consideration. Accordingly, Applicant hereby files the amendments for consideration by the examiner.

Amendments to Claims

By this paper, the claims have been amended to include the limitations discussed in the interview. Additionally, the claims have been carefully reviewed, clarified by removing redundancies in language, and corrected to obtain proper antecedency throughout.

In the event that the examiner finds any remaining impediment to the prompt allowance of any of these claims, which could be clarified in a telephone conference, the examiner is respectfully urged to initiate the same with the undersigned.

DATED this 20th day of January, 2011.

Respectfully submitted,

/A. John Pate 110120 2779-2-2/
